Vote # 1 for United We stand

Hi everyone! I am Mojahar Ali, a Law graduate and I am rerunning for the position of Vice President from the school of Business Law and Psychology with the team United We Stand. United We Stand is a team of 16 amazing candidates from across the world, who

united aim to:

- 1) Bring back a vibrant, transparent and accountable Students' Union where students are aware of what's going on.
- 2) Introduce free printing for all students.
- 3) Bring back Boat Parties and Fiction nights, enriching our nightlife events.
- 4) An improved social life on campus with better spaces and options for socialising, eating, relaxing, and praying for all religions.
- 5) Getting things done for students through our democratic processes and committees.

If re-elected as your vice president I pledge to:

- Work very closely together with the Careers and Student Employability team to increase more employment and internship opportunities for our students.
- Work to have multi-faith prayer rooms across UEL.
- Lobby with the library team to increase the library resources i.e. up to date books, new computers, and visual materials alongside hard copy books.
- Ensure the Union is in the hands of students whose best interest I'll campaign for

So vote for us and give us an opportunity to enhance your educational experience at UEL.
